Beverage & Bar Packages

What Does It All Mean?!?

A glossary of terms...

-  Hosted Bar: *Your buying, we will put all drinks ordered to your invoice.*
-  Cash Bar or "No Host Bar": *They're buying; we will charge your guests for each drink they order.*
-  Limited Hosted Bar: *First Round(s) on you, we will put the cocktail hour on your invoice and then switch to a cash bar*
-  Bar Packages:, *We have designed different drink packages based on the number of hours and type of liquor that will be hosted (Ideal for the group who likes to belly up to the bar)*
-  Based On Consumption:, *An alternate option to a Bar Package, we would keep track of how much your group drinks and add the total to your invoice. (Rather than having a pre-determined per person price like the Bar Packages, we would base it on how much is actually consumed.)*
-  Bar Minimum: *For every Bar we set up for your use, there is a \$500.00 Minimum. The Minimum is what we require your event to meet in bar sales. If you're bar sales do not meet this minimum then there is a \$100.00 bartender fee applied to the host's bill. If you're bar sales meet \$500.00, no fee is applied.*

A note about beverage & bar service:

Beverages and bar service is the most difficult part of an event to try to put together. Although we have listed some options, we want to reiterate that these are just guidelines. Only you may know what will be the best options for you, your guests and your budget. We are open to help guide you into the best option for you or create a package that is custom made just for you. Just let us know of your criteria and we will help you select a specific package to better suit your requests. (Actually, the same goes for our entire menu!)
